FOREWORD.....	1
ACKNOWLEDGEMENT.....	3
RESEARCH TEAM.....	5
ABSTRACT.....	7
Summary of Findings 2004.....	8
INTRODUCTION.....	10
Background of Study.....	11
Methodology.....	11
THE FINDINGS.....	12
Perception of Interest in Science and Technology.....	13
Perception of Knowledge in S&T.....	13
Attitude Towards Science and Technology.....	15
Understanding of Science and Technology.....	17
Awareness of Science and Technology.....	19
Perceived Understanding of S&T Issues.....	19
Sources of Information.....	20
Level of Trust in Sources of S&T.....	20
Visits to Exhibitions / Seminars / Forums.....	21
Awareness and Involvement in Science and Technology Programs.....	21
INTERNATIONAL COMPARISON.....	22
Perceived Interest in and Perceived Knowledge of S&T.....	23
Attitudes Towards S&T Issues.....	26
Public Understanding of S&T.....	27
Sources of Information on S&T.....	29
RECOMMENDATIONS.....	30
Fostering Awareness of and Interest in Science through Education.....	31
Developing National Criteria for Scientific Literacy.....	32
Periodic Curricular Review.....	33
Creating Awareness of S&T Through S&T Programs.....	34
Special Initiatives for Rural Folk and Lower Income Group.....	35
Special Initiatives for Women.....	35
Recommendations for Media.....	36
Recommendations for Existing Initiatives and Programs.....	37
The Role of the Private Sector in Promoting S&T.....	37
Conducting Research Related to Public Awareness and Understanding of S&T.....	37
CONCLUSION.....	38
Overall Findings.....	39
APPENDICES.....	41
LIST OF FIGURES AND TABLES.....	59
LIST OF APPENDICES.....	61
QUESTIONNAIRE FORM.....	63
